**Lab Report #3: Introduction to Electric Machinery Lab**  
**ECE 341 - Principles of Electromechanical Energy Conversion**

---

*By: Jakob Schoeberle*

Southern Illinois University Edwardsville  
Department of Electrical and Computer Engineering

## **Description of Goals**

---

## **Laboratory Exercise**

---

## **Results and Data Tables**

---

## **Conclusion**

---

This experiment was quite simple and easy to follow. It effectively highlights the difference between real-world scenarios and simulations, with outcomes that can occasionally be surprising.

## Appendix
